

## SEBASTOPOL TAKEN AFTER EVACUATION

All Available American Warships in the Black Sea Will Be Used to Aid Refugees Leaving Crimea in Advance of Reds

Constantinople, Nov. 15. (By the Associated Press)—Sebastopol fell to the Russian soviet forces at five o'clock Sunday evening after the evacuation plans had been fully carried out, according to word received here today. General Wrangel, it was stated, was the last to leave, going aboard the cruiser Koroloff cheered by his troops.

Baroness Wrangel and the various missions in Sebastopol were taken aboard the French warship Waldeck-Rousseau. The American destroyers Whipple, John Edwards and Humphreys, after bringing wounded non-combatants here, have started back to Yalta and Theodosia to continue the evacuation.

London, Nov. 15.—Reuters' Constantinople correspondent says that about 40,000 persons have been evacuated from Sebastopol, and that it is reported General Wrangel has appealed to American warships, which have proceeded to the Crimea, to save the wounded from being killed.

Washington, Nov. 15.—All available American warships in the Black Sea are to be used to assist refugees in leaving the Crimea in advance of the Bolshevik armies. Authority for such use of the ships was given by the state and navy departments today.

The state department issued the following statement:

"Upon the receipt of telegraphic information from the department's representative at Sebastopol, Rear Admiral Newton A. McCully, that the evacuation of the Crimea appeared inevitable and recommending that the government of the United States assist in the evacuation of civilian refugees, arrangements were made by which Admiral Bristol, the American high commissioner at Constantinople, might employ vessels to assist in the evacuation of refugees from the Crimea.

"In instructing Admiral Bristol to use these vessels, instructions were also sent directing him to coordinate and cooperate with the representatives of Great Britain and France in Constantinople who, it is understood, are directing the efforts of their governments in this matter.

"The department has not been informed to what point or points these refugees will be evacuated and is relying on the cooperation of Admiral Bristol with the French and British and Russian authorities in making out details of the evacuation.

"In working public this announcement, the department specifically denies its participation in Russian internal strife, its action being based solely on the humanitarian grounds with view to assisting in the hour of need large numbers of Russians whose fate, it is believed, would be uncertain and hazardous under such conditions."

## STOP TRAIN LONG ENOUGH TO LYNCH NEGRO

Bristol, Va., Tenn., Nov. 14.—Dave Hunt, negro, 25, captured after a chase on a passenger train and held for an alleged assault on an aged white woman, was taken from the jail at Wise, Va., early today by a mob of about 75 men and hanged to a bridge near Kent Junction.

After the lynching the mob quietly dispersed and to-night no arrests had been reported. Entrance was gained to the jail by breaking down the doors. The negro was taken to the scene of the lynching in an automobile.

The alleged attack on the woman, who is 60 years old, occurred at her home Friday. Shortly after she flagged a passenger train as it came by and told members of the crew that she had been attacked by the negro whom she could see walking on the railway right of way some distance ahead. The train was started after the negro who headed for the mountain side when he saw that he was being pursued. The trainmen left their train and took to the woods after the fugitive who soon was captured.

## WILL TEST RULING AGAINST "HOME BREW"

Columbus, Ohio, Nov. 12.—Suit to test the recent ruling of the prohibition enforcement bureau prohibiting the sale of malt extract and hops to anyone except confectioners and bakers was filed in the United States court here today by a local distributor company.

Counsel for the company declared they would carry the case to the United States Supreme Court if necessary.

"They have no ground to stand on and no doubt will lose the case," said James A. Shearer, prohibition director for Ohio.

Malt and hops dealers here assert that their products are not the main components of home brew.

## TO IMPROVE FINANCES

Municipal Research Representative Confers With Board of Control

Montpelier, Nov. 12.—A. E. Buck of New York, representing the bureau of municipal research, met today with Will L. Davis and Benjamin Gates, members of the board of control, relative to the more improved system in handling the state finances. The report is to be made to the legislature, but it will not be a lengthy one although some changes to eliminate some of the expenses will be suggested. In which it is understood the department of justice and educational departments may be discussed.

## CHINESE PIGTAILS BY THE CARLOAD

Queues of 2,400,000 Orientals Will Be Made Into Filter Cloth in U. S.

Washington, Nov. 15.—Establishment of a carload rate on Chinese pigtails pressed into cloth, from Houston, Texas, to various parts of the country, was asked of the Interstate Commerce Commission today by the Oriental Manufacturing company of Houston.

Clifford Thorne, of Chicago, representing the applicant, told the commission that the pigtails pressed into cloth were used for filtration, straining soups and similar purposes. The commission took the application under consideration.

Mr. Thorne explained that prior to the war European supplies of goat and camel hair were drawn on for filter purposes, but that when this source was cut off, the industry was represented turned to China where the fall of the Manchu dynasty was followed by abolishment of the edict directing Chinese subjects to wear queues. The Houston company, which is joined by the Southern Cotton Seed Oil Crushers' association, chief users of hair cloth filters, in the petition has accumulated 80,000 pounds of Chinese hair, the equivalent of the former pigtail carload to move it north for the consumers. Nineteen carloads already having been ordered and the prospects being for sixty more to move during next year.

## EVACUATE CAPITAL OF ARMENIA

People Flee from Erzurum—Armenia Isolated from Outside World

New York, Nov. 15.—Erzurum, capital of the Armenian republic, has been evacuated, communications between the great railroad junction of Alexandropol and Tiflis, capital of Georgia, have been indefinitely cut, completely isolating Armenia from the outside world, and the road from the Caucasus republics is jammed with Armenian women and children fleeing down the valley of the Tenzor river towards Batum, according to cable dispatches received by the headquarters of the Near East relief here today.

At the station on the road here, it was learned that Mustafa Kemal Pasha, in person at the head of the Turkish nationalist forces operating against Armenia has ordered the Georgian government to evacuate Batum, on the Black Sea and that the Georgian army has been mobilized to defend that port.

Charles V. Vickrey, general secretary of the Near East relief said today that part at least of the needs of the situation in the Caucasus had already been anticipated by the Near East relief and that cargoes were now on the sea bound for Batum consisting of 5,812,000 cases and boxes of rice, 1,580 bags of sugar and 29 tons of soap and other supplies. Mr. Vickrey said that the supplies of flour and other food staples would be shipped to Batum at once from Constantinople if transport could be secured. The steamer Gul Duman, leaving New York, November 20, will carry 1,000 tons of wheat, four, 40 tons of rice and 100 tons of sugar for relief purposes in the stricken district.

"Every precaution will be taken to prevent these supplies reaching other than the refugee population," Mr. Vickrey declared.

## G. O. P. CAMPAIGN COST \$3,416,000

Upham Submits Figures—Deficit Amounts to \$1,550,000

French Lick, Ind., Nov. 11.—The Republican national committee cost \$3,416,000, according to figures given out here today by Fred W. Upham, treasurer of the Republican national committee, who is here for a brief rest. He stated that the deficit amounted to \$1,550,000.

Treasurer Upham said that he had just completed his report and that the deficit was after all bids had been paid. Mr. Upham said that the deficit was after all bids had been paid. Mr. Upham said that the deficit was after all bids had been paid.

## SUES STATE OF MAINE TO RECOVER \$20,000

Augusta, Me., Nov. 15.—Evidence in a suit against the State of Maine by DeForest Keyes of Onondaga, N. Y., to recover \$20,000 paid 18 years ago for thousands of acres of "wild" land sold by the state for unpaid taxes and which he claims he was never able to locate, was presented in the Supreme Court today.

It is said to be the first time the State ever has been sued, and as far as known the first case in which the state is a defendant. The suit was filed on a claim that it had secured money for some thing which did not exist.

After presenting his claim for recovery of \$20,000, Mr. Keyes' very session of the Legislature in 1917, Keyes two years ago was authorized by that body to sue the State. The State treasurer discontinued the practice of selling these tax deeds a number of years ago as a result of the Keyes claim.

## SENT PHOTOS BY WIRE NEW YORK TO ST. LOUIS

New York, Nov. 15.—The New York World announces the successful transmission of four photographs by wire between its office here and the office of the St. Louis Post Dispatch Sunday.

Two photographs, one of the Yale-Princeton football game and the other an airplane view of New York city, were sent from New York to St. Louis and a picture of an Indian chief and one of a Mississippi river steamboat were sent from St. Louis to the World offices. The total time of transmission for one picture was eight minutes.

The photographs were successfully tested today, the photographs to be sent by wire were placed on a cylinder over which passed a needle attached to a sending instrument. The vibrations of the needle, transmitted by electricity, were reproduced in the receiving instrument which vibrated a tiny mirror. He ray of light reflected from the mirror played through a glass screen, allowing from property to transparency, allowing the light to pass in varying degrees of intensity upon a sensitized plate.

## Bring Soldier's Body Home

St. Albans, Nov. 11.—The body of Pvt. Frederick T. Coleman, son of F. C. Coleman, who died of pneumonia and spinal meningitis in a hospital at Bayonne, France, September 30, 1918, arrived in St. Albans today. It was taken to the home of his father on Federal street. The funeral will be held at St. Mary's Church Saturday morning at nine o'clock and burial will take place in Holy Cross cemetery. Private Coleman served in Company B, 12th Infantry, 3rd Division. He would have been 24 years old last June.

## HYMANS CHOSEN LEAGUE PRESIDENT

Belgian, Elected to Head of Assembly, Gets 35 Votes—Says in Opening Speech He Hopes U. S. Will Join League Soon

Geneva, Nov. 15. (By the Associated Press)—Paul Hymans of Belgium was elected permanent president of the League of Nations at the opening session of the league's assembly here today. He received 35 votes to four votes for President Motta of Switzerland and one each for ex-President Ador of Switzerland and Leon Bourgeois of France.

M. Hymans had called the delegates to order and introduced President Motta of Switzerland. He then cordially welcomed the delegates expressed the hope that the United States would not delay much longer in "taking its legitimate place in the league."

When M. Hymans, who heads the Belgian delegation and is a former foreign minister of Belgium, declared the first session of the assembly open, the hall was crowded with men and women and there were several women among the delegates. Their toilets, with the red and yellow sashes of the Swiss guards, gave touches of color to an otherwise sober scene.

M. Motta, in his greetings to the delegates, thanked the peace conference for having selected Geneva as the seat of the League of Nations and also thanked President Wilson for calling the meeting of the assembly in the seat of the league.

The first session of the league assembly was greeted with the ringing of all the bells in Geneva after several minutes silence on the death of President Wilson. The canton, President Motta of Switzerland was followed by M. Hymans.

The socialist leader, Hjalmar Branting, head of the Swedish delegation, provoked the first debate by objecting to the election of Paul Hymans as president of the league by acclamation. M. Hymans himself decided the question by holding that since one member requested a secret vote, he was entitled to it.

A more animated and more significant discussion grew out of the election of the agenda. Lord Robert Cecil, who represents South Africa, held that the applications of Albania, Bulgaria and Austria, which were received since the agenda was made up, should be added to it.

The assembly so decided after the French delegates, M. Vivanti and M. Bourgeois, had made it clear that the applications would be referred to a committee to be examined and a decision taken as to whether they would be received. This reservation, it is contended, will establish a precedent so that if Germany's application is received later the French delegates will be able at once to raise the question of eligibility.

## BANK TELLER "FRAMED" \$45,000 ROBBERY

Ottawa, Ill., Nov. 11.—Admission that he "engineered the whole thing himself" was made to-night, according to county officials, by Francis J. Carey, 21 years old, teller of the National City Bank of Ottawa, who gave himself up today following his disappearance yesterday at the time of the robbery of the bank. Most of the \$45,000 taken has been recovered, \$500 being added to-night. Carey disappeared after the robbery and it was at first thought he had been locked in the vault.

Carey was found at the farm house of Mat Kerwin, near Ulica, Ill., into which he staggered late today, footsore and weary. He was brought back to Ottawa and made his reluctant confession. Carey denied the sheriff said, knowledge of the disappearance of \$40,000 of the loot. He had \$2 in his pocket.

Sheriff Ayers said that a shoe-box containing \$40,000 which was found collected from the robbery was returned to Carey. He said the shoe-box was found in the trunk of a car which he was going over the roof of the bank, on which he had climbed to enter the building. The \$500 recovered to-night was found under a mattress at Carey's home.

## JURY AWARDS MAYO VERDICT OF \$12,750

Rutland, Nov. 13.—In the United States District Court in this city this morning a jury awarded William E. Mayo of Albany, N. Y., a trading salesman, a verdict of \$12,750 damages against the Rutland Railroad company. Mr. Mayo sued for \$20,000 because of injuries he received at Belows Falls on March 14, 1920, when the Rutland's Green Mountain Flyer on which he was a passenger, met head-on a freight train of 40 loaded cars, going 25 miles an hour, and 19 persons were killed. Mr. Mayo claims that the railroad was negligent in not having the train stopped at a crossing accident at Berlin July 30, 1918, the Green cases which are set for trial. These will not be heard at Rutland.

## MRS. CHARLEY CHAPLIN GETS HER DIVORCE

Los Angeles, Cal., Nov. 12.—Mildred Harris Chaplin was granted a divorce from Charley Chaplin in the Superior Court here late today.

Mr. Chaplin, whom Mrs. Chaplin charged with cruelty, was not in court but was represented by attorneys.

It was stated a property settlement involving about \$200,000 had been made out of court and an agreement reached by which Mrs. Chaplin would not use the name of Chaplin professionally.

## CHARGED WITH HEIFER THEFT, DISCHARGED

Middlebury, Nov. 11.—William White of Goshen, who was arrested last week on a charge of heifer theft, was taken to Walter H. White, has been before Judge A. W. Dickens in Addison county municipal court, pleading not guilty. After hearing the evidence the court discharged him.

## BOSTON UNIVERSITY DEFEATS NORWICH 7-0

Roston, Nov. 11.—Boston University defeated Norwich University in an Armistice day football game today, 7 to 0.

## Celebrates With Bonfire

Montpelier, Nov. 11.—A bonfire was set off at 7:30 o'clock to-night in front of the Union House, attracting a large crowd, after which the concert in City Hall commenced. At the exercises this afternoon, J. M. Pierce presented "Old Glory" to the Legion and Mrs. Emma LaPointe, the State flag, which were received by J. G. Prall, historian of the Legion.

## JUGOSLAVIA AND ITALY SIGN PEACE

Treaty Is Ratified at Rapallo—Diplomats of Both Countries Pleased

Santa Margherita, Italy, Nov. 12.—The treaty between Italy and Jugoslavia was signed this evening at Rapallo.

The preamble of the treaty reads: "The Kingdoms of Italy and of the Serbs, Croats and Slovenes are sincerely desirous to establish cordial relations between the two countries for their common weal. Italy recognizes the constitution of the neighboring State as the realization of one of her highest aims."

The diplomats of both countries expressed great satisfaction over the treaty.

## FOUR-YEAR-OLD RUTLAND GIRL KILLED BY AUTO

Rutland, Nov. 14.—Mildred, four-year-old daughter of Mr. and Mrs. John Pitts of this city, was struck and instantly killed Saturday afternoon by an automobile while crossing the street with her mother. The machine is owned and was driven by John W. Blanchard, a lumber dealer in this city. The accident happened in front of the Howe Sea Works which the mother and child had just left after taking Mr. Pitts' dinner to him.

It is said that the child saw the car and ran toward it, crying loudly, became excited and started ahead of her mother across the street. When the driver applied his brakes the automobile swerved across the street to the sidewalk, the little girl having almost gained the curb when killed. Blanchard was not arrested.

## NO LIGHTS, AUTOS CRASH

Accident Near Adams May Result in Internal Injuries for One

Montpelier, Nov. 11.—B. J. Hatch is in Heaton hospital suffering with what is feared to be internal injuries, while C. E. McArthur was also injured in an automobile accident last evening on Adams road. In company with others they were coming towards Montpelier when they ran into a car listed to B. W. Daniels of Middlesex. There were no lights on the Daniels machine and the driver of the other car did not see it in time to avoid an accident.

## TROUBLE DISCOVERED

St. George Bailots Said to Have Been in State Officers' Ballot Box

Montpelier, Nov. 14.—The secretary of State has received from St. George further information relative to the general election held in that town recently which in a way explains, perhaps, the reason for the difference between the two factions.

It appears that bailots for town representative were found in the State officers' ballot box and some of those who claim no election occurred believe these bailots were not counted and should have been.

## LOSE THEIR LICENSES

Careless Drivers and "Unfit Persons" Cannot Operate, Says Black

Montpelier, Nov. 14.—Harry A. Black, secretary of State, has removed the following operators' licenses: John N. Hammond and Harold Kelley, Springfield, for careless driving; E. J. McGuire, E. Granville and Prosper Smith of Enosburg Falls, as unfit persons to have licenses.

## NEARS DESTINATION

Girl Who Left St. Albans on Horseback Returns Success of Trip to Calif.

St. Albans, Nov. 14.—News has been received of the safe arrival in Elko, Nev., of Miss Billie O. Lemple, on her long journey from this city to San Francisco. Miss Lemple left St. Albans last June 30. Up to the present time she writes that she has had splendid success and expects to reach her goal in about three weeks. Miss Lemple is enjoying perfect health and her mount, "Satan," a white mare, people thought would never stand the trip, is in fine condition.

## IMPROVE HARLOW HILL

Grade of Road to Smugglers' Notch to Be Lowered and Road Straightened

Montpelier, Nov. 14.—Plans are under way to improve the Harlow hill on the road from Stowe to Smugglers' Notch. It is the first step in a plan to straighten the road and to improve the mountain and is the one upon which so many machines have been stalled. S. B. Bates has sent to the selectmen of Stowe a proposed plan for straightening the hill and lowering the grade to a level of 100 feet. The plan is to straighten the road and to improve the mountain and is the one upon which so many machines have been stalled. S. B.
